# The HKIE New Engineering Contract (NEC) Certified NEC Professional Training 2021

### Six Classes Available from June to August 2021

## The HKIE NEC Training 2021 (The Training)

Funded by the Government's Matching Grant Scheme for Skills Upgrading under the Anti-epidemic Fund, the Construction Dispute Resolution Committee is now offering the Training at preferential tuition fee for Corporate Members of the Institution who have not yet gained an NEC accreditation or equivalent and are attempting their initial accreditation or equivalent course to enhance their management of works contracts in the NEC form.

The Training is designed to equip delegates with the skills necessary to be able to manage a project under a NEC3 or NEC4 Contract, with specific reference to role and importance of the Project Manager under the NEC3 or NEC4 Engineering and Construction Contract (ECC). The training programme shall satisfy the knowledge requirements for staff working on Hong Kong Government NEC3 or NEC4 ECC projects (refer to Development Bureau's Management Handbook for Direct Employment of RSS by Consultants for Public Works Projects, Appendix 4.9). It will cover the necessary skills and knowledge required for managing these contracts, including theory, practices, procedures and commonly adopted changes in Hong Kong. The Training is offered to Corporate Members of the Institution who have not yet gained an NEC accreditation or equivalent.

Accreditation/ Certification:	The "Certified NEC Professional" is recognised by the Hong Kong Government as a qualification equivalent to "Accredited NEC Project Manager"
	Manager".  The Training is approved by the Chartered Institution of Civil Engineering Surveyors (ICES). Upon passing of the final examination, members are entitled to be included on a registered list of BK SURCO Certified NEC Professionals maintained by ICES on its website.
Course Fee:	\$2,200 per person

The target number of places for each class is 20. Applicants should be Corporate Members of HKIE with at least five (5) years' experience in engineering and construction sector in Hong Kong. Applications received by the deadline will be processed with due consideration on the applicants' qualifications and experience. Allocation of training places will take into account the applicants' preference for language and class dates. In the event that there is over-subscription for a particular class, selections would be based on randomization process.

### Registration

Applicants are required to submit their applications together with their CVs (limited to 2 pages) via <u>online form</u> on/ before 30 April 2021.

Successful applicants will be notified by email to send a cheque in the sum of \$2,200 payable to "The Hong Kong Institution of Engineers" for the course fee by post.
